

SES Strategic Ltd.

Chartered Landscape Architect

Pay scale: Negotiable depending on experience

We are looking for a talented and enthusiastic Landscape Architect (Advanced / Senior Level) to join and be an integral part of our small and friendly Landscape Planning & Design team.

We are currently seeking a Chartered Landscape Architect (recently qualified or with one or two years' experience) with a good range of skills who is looking to take the next step in their career. Candidates who are currently on the Pathway to Chartership with the relevant skills and experience are also encouraged to apply.

Established in 2017 the landscape team is based in the picturesque setting of the Dedham Vale in close proximity to Colchester. You will take an active role working closely with and supporting the Head of Landscape, alongside the Directors of our Ecology and Arboricultural consultancy, on a diverse and expanding portfolio of work.

Your primary role will be working on and project managing a range of strategic and design projects (RIBA Stages 0-7). This will include attending meetings / site visits; developing relationships with clients; working collaboratively with design teams, planning authorities and other stakeholders; managing / mentoring members of the landscape team; and working closely with our ecologists and arboriculturists. Some knowledge of Landscape and Visual Assessment and a passion in ecological design would be beneficial.

For the right candidate there will also be the opportunity to assist in developing and growing the landscape business.

About SES

We are a specialist Landscape Planning & Design, Ecological and Arboricultural

consultancy that prides itself on having the same core values that it did 10 years ago when we were founded. We have experienced sustainable growth throughout this period and have become renowned by our clients for our pragmatic, solution-based approach to consultancy. We work for a variety of clients ranging from multi-national prestigious organisations to one off small projects for homeowners.

Our team

We are passionate about the quality of service we provide. We understand that by providing a personalised and professional service we are helping to secure the future growth of the company. We are professional, pragmatic consultants who strive to meet the needs of our clients and to deliver a product we are proud to put our name to. We all value team work, transparency and honesty as highly as we do our professional skills.

Why Join Us?

At SES, we will provide you with a unique opportunity to develop by exposing you to a diverse schedule of work, helping you to progress your career with us. Full training and support including Pathway to Chartership (P2C) is given to allow you to grow rounded skill sets such as project management, technical expertise and client management skills. We ensure that everyone has a continuous professional development plan in place that means all staff achieve their personal goals. We take pride in developing our people and allowing them to grow into the consultant they want to be, this ethos has created a highly motivated team which deliver bespoke ecological solutions to our clients, providing the platform for growth and the opportunity for new people to join our exciting company.

If you like the sound of our company and would like to join our team then we would love to hear from you. Candidates will ideally have the following skills and experience:

- A relevant Degree and Post Graduate Diploma or MA in Landscape Architecture
- A Chartered Member of the Landscape Institute with one- or two-years post qualification experience in the UK
- Talented and creative with a good practical understanding of both the principles and technical aspects of design
- Able to problem solve and actively contribute to and articulate ideas
- Self-motivated and organised with the ability to manage projects to deadlines
- Confident in dealing directly with clients and able to work collaboratively within a consultant team
- Good all-round skills in graphics, presentation, verbal and written communication and an attention to detail
- Proficient in relevant software (CAD, Adobe Creative Suite, Sketchup, Microsoft packages etc).

The following skills would be desirable although not essential:

- An interest in ecology led design
- Landscape and Visual Assessment including Impact Assessment
- A full clean UK driving license

Benefits of working with SES:

- Opportunities to develop your career with a growing business
- Competitive salary
- Increasing holiday entitlement for every year of service with an extra day off on your birthday
- Flexible working
- Childcare voucher scheme
- Overtime – subject to requirement
- Company mobile phone and Laptop (role dependant)
- Training budget and progression plan

(All subject to the terms of the company handbook)

Please send your CV, some examples of work that you are proud of and a covering letter explaining what you want from your next job to alan@ses-eco.co.uk

Examples of work should be limited to a maximum of 5 sides of A3.
UK Residents Only Please

If you want to know more about our company or have any questions about the role please do not hesitate to contact Rachel Bodiam on 01268 711021.
