

Southern Ecological Solutions Ltd

ECoW, Ecologist & Senior Ecologists

Pay scale: Negotiable DOE

Excellent Ecologist Opportunities at SES

Southern Ecological Solutions (SES) was founded in 2005 to provide a pragmatic, solutions based approach to ecology consultancy services to the development industry. SES now have long term relationships with many of the leading developer and infrastructure providers in the UK and have extended our services to include a dedicated rail team, Arboriculture consultancy and contracting services.

Our business has enjoyed sustainable growth and is now seeking **experienced Ecology professionals** to help us to continue to deliver an exceptional service to a variety of different clients. We have **ECoW, Ecologist, Senior Ecologist roles** that we are looking to fill on a permanent or contracted basis

You will be joining a passionate and dedicate team of professionals that enjoy what they do and are proud to have won awards for their work. You will be given opportunities to work on a variety of projects and to grow your career with us, there is no limit to what you can achieve.

If you are interested in any of the Ecologist roles, which will be predominately located in our office in Essex (although there is flexibility), which all pay very competitive salaries to start and include full time benefits along with the opportunity to earn overtime, then please write to Alan Goddard alan@ses-eco.co.uk In your application please tell us why you feel that this would be a great fit for you. We look forward to hearing from you.

If you would like to discuss the roles available in more detail, then please do not hesitate to contact us. alan@ses-eco.co.uk 01268 711021 www.ses-eco.co.uk
